JOEL L. KRISTAL

## FROM THE DESK OF THE VICE PRESIDENT

Joel Kristal

I hope everyone had a good Hanukkah and had time to enjoy family, friends and, of course latkes and jelly donuts. I would like to thank our Cantor Kravitz for a delightful interactive presentation of Hanukkah music and to those who provided the doughnuts and gelt; Seth Kibel for our brunch entertainment that had people dancing around the room; and the Chabad of Lambert Drive, Silver Spring, for having a wonderful Hanukkah celebration for the community in the Giant parking lot. There was singing, dancing and plenty of donuts and latkes. We still have a few more months of dreary weather, but we have the bright spots of our religion to look forward to: Tu B'shvat, the day that marks the beginning of a "new year" for trees, Purim and then Pesach. We also have our brunches, kiddushes and onegs along with our first Friday, Reform Service and second Saturday, Conservative Service.

In addition to celebrating happy events, JRLW is available to help in sadder times. We are available to support your Shiva minyan. Upon a call to Herb

Hodes at 301-288-4869 (or email him at hjhodes@yahoo.com) he can arrange a minyan and have the books at a Leisure World residence that night as requested. We are looking for JRLW members to help make the minyan and are always looking for volunteers to help with the service. If you are available, please contact Herb directly.

As has been my habit, I'd like to share a few words from Rabbi Sachs, of blessed memory, following on last month's theme of antisemitism and with Purim and Pesach just around the corner. "Antisemitism is a virus that mutates so that new antisemites can deny that they're antisemites at all because their hate is different from the old. In the Middle Ages, Jews were hated for their religion. In the nineteenth and early twentieth century they were hated for their race. Today they are hated for their nation state, Israel. What all three have in common is that they are different ways of saying that Jews have no right to exist collectively as Jews with the same rights of other human beings... Anti-Zionism, denying Jews the right to their one and only collective home by misrepresenting Judaism, is the new antisemitism."

JRLW's objective is to meet the social, educational and religious needs of our community through a variety of programs and religious events. Thank you, Rebecca Siman (Programming Committee) and Ellyn Kaufman and Harold Geeter (Co-Religious Committee VPs), and your committee volunteers for making things run so smoothly.

Shalom.

# POLIO VACCINES

## Part 2

Bernie Ascher

Dozens of scientists around the world worked on it, but he was the first to develop a vaccine for polio. The official announcement on April 12, 1955, made Jonas Salk an instant celebrity, a hero, the face of the polio vaccine. He solved a health problem, which had plagued the world for many years, but had become more prevalent in the 1930s and 1940s.

Pathetic pictures of small children on crutches, in leg braces, and in Iron Lungs with only their heads visible, made front-page news on a daily basis. In 1948, President Harry Truman declared all-out war on polio, which heightened attention to the search for a cure or prevention.

At his University of Pittsburgh laboratory, Salk used a method that was contrary to conventional scientific theory at the time. He used dead virus to make the vaccine. Prevailing theory favored the use of live but weakened (attenuated) virus, the method used by Albert Sabin at the University of Cincinnati. Salk's peers were offended by this and especially by the publicity he was receiving from the media. In March 1954, Salk's photo had appeared on the cover of TIME Magazine.

On the date of the official announcement, Edward R. Murrow interviewed Salk on CBS Radio, asking him who owned the patent on the vaccine. Salk answered that there was no patent. "The people own the vaccine," he said. "Could you patent the sun?" Forbes Magazine estimated that Salk lost \$7 billion by not patenting the vaccine. After the interview, according to Pennsylvania Heritage online, Murrow told Salk, "Young man, a great tragedy has just befallen you...You have just lost your anonymity."

The Institute for Infantile Paralysis had a team of lawyers check out the requirements for acquiring a patent. They concluded that the vaccine did not meet the requirement for novelty.

In 1941, Thomas Weller, John Enders, and Frederick Robbins succeeded in culturing the polio virus in a laboratory setting. This became an important step toward development of a polio vaccine. The three American scientists won a Nobel Prize in Physiology and Medicine for this achievement in 1954. Neither Salk, nor Sabin won a Nobel Prize for their vaccines.

Sabin, whose vaccine was tested outside the United States before it was approved for use here, belittled

Salk's vaccine, calling it "kitchen chemistry." He asserted that his weakened virus vaccine was cheaper to manufacture and easier to administer (drops on a sugar cube rather than injection in the arm). It replaced the Salk vaccine for routine immunization in 1963 and became the vaccine of choice by the Center for Disease Control until 2000, when CDC reverted to the Salk vaccine. The World Health Organization still uses Sabin's oral vaccine for routine immunizations.

Both Salk and Sabin wanted to make their vaccine as cheap as possible. They were against patents, which would raise the cost. Neither sought personal enrichment. In 1954, New York City offered Salk a ticker tape parade down Broadway. He refused it, insisting that the money would be better spent on scholarships for medical education in New York universities. To date, NYC has awarded more than 500 scholarships to needy medical students under the program.

More to come in Part 3.

## CANTOR'S CORNER

Michael Kravitz

This year on the Gregorian calendar TU B' SHVAT, the "New Year of the trees," falls on February 6. TU B'SHVAT is often called the Jewish "Earth Day." It occurs on the 15th day of the month of Shvat and it comes at a time when the rainy season in Israel is over and new growth of foliage begins. TU B'SHVAT was originally used as a day to mark the age of trees for tithing purposes. Today, it is not only a chance to honor trees, but also a reminder that we need to take care of the earth to allow it to bring forth its bounties that we need for survival.

It became a custom, in 16th Century Safed, to have a seder for TU B'SHVAT that was similar to the ones which were held on Pesach. Not only were fruits native to the holy land consumed, but four cups of wine were also consumed. But not just any wine. The cups included white wine, rose wine, light red wine and dark red wine. The reason was that darkening is the natural order of ripening. So, if white wine represented nature's potential, then dark red wine represented nature in its full bloom. Pretty ingenious thinking.

So, how should we celebrate TU B'SHVAT this year? Let me make several suggestions.

1. Plant trees, either here or in Israel.
2. Have a TU B'SHVAT seder where various type of fruits and wines are consumed.
3. SING

Two of my favorite songs for TU B'SHVAT are by Carol Boyd Leon and they are perfect to share with your grandchildren/great grandchildren. The first is "I Wanna Be a Tree." You can find it on your computer by typing into your browser "73 Tu b'Shvat Videos on YouTube." It is the second video. The other song is "Tu Tu Tu B'Shvat." Type this title into your browser, and it should be the top video on the right.

Enjoy. And CHAG SAMEACH.

## LET'S "TALK" ABOUT TU B'SHVAT!

Cantor Wendy Gonzales  
cantorwendyg@gmail.com

Let's "talk" about Tu B'Shvat! What a wonderful thing to be idealistic and love your land, as in Eretz Yisrael - the land of Israel - so much that you honor the purpose and benefits one receives from

the trees. In the United States we often take this for granted; there is a holiday called Arbor Day which is celebrated this year on April 28. But other than when I was a child in elementary school, I never recall celebrating this similar day honoring the appreciation and planting of trees.

Two years ago, while we were in the midst of the pandemic, JRLW sponsored a Tu B'Shvat seder that I led via Zoom. It was well-attended with many of our viewers participating in the seder. We incorporated the various fruits, sang songs and honored the New Year of the Trees together! I hope we can do this again sometime, in person.

What does a Tu B'Shvat seder look like? Well, we actually follow a Haggadah, except instead of Pesach, it is designed for Tu B'Shvat. We have specially designed four questions and drink 4 symbolic cups of wine which are mixed in different colors to represent the four seasons. If anyone would like a copy of my Tu B'Shvat Haggadah, please feel free to email me.

It is imperative that we acknowledge the importance of taking care of the resources provided to us on Earth; those that nature has so expertly provided us with for survival. So, try and take some time during Tu B'Shvat beginning at sundown on Sunday, February 5, through sundown on Monday, February 6, 2023, to celebrate and honor our gifts from nature through our trees and plants.

I cannot close this month without mentioning the amazing experience we celebrated at our Dr. Martin Luther King, Jr. service on January 6, 2023. With almost 200 people attending and an amazing collaboration between JRLW members, Shir Delight and the LWAAAC Chorus, Rabbi Fink, Juanita Sealy Williams, pianist Everett Williams, Jr. and our LWAAAC friends – we had an Erev Shabbat service that I truly believe will be in our treasured memory

for a very long time. My gratitude to the many JRLW members and Board members who attended, as well as Alan and Linda Nelson for sponsoring a beautiful Oneg Shabbat. By the way, we have several JRLW members who have volunteered to set up and take down our monthly beautiful Oneg Shabbats facilitated by Barbara Jacobowitz and under the guidance of Anita Sperling. It truly takes a village. My heartfelt thanks to all who have come together for our monthly services.

## **ONEGS ARE BACK!!! KIDDISHES ARE BACK!!!**

Shalom dear friends,

In case you haven't been to our JRLW services in recent months, we are now offering nice Kiddishes and Onegs after the service. This is great because we want to sit and shmooze together after a service, like we used to be able to do. However, as you know, food prices have been soaring and we want to continue to offer these treats for our members but we also need to request funds from our members. Can you sponsor or co-sponsor an Oneg? Celebrate a grandchild's birth or bar/bat mitzvah with an Oneg? Celebrate a wedding anniversary? Celebrate a birthday? Please let me know at [ellynsu@verizon.net](mailto:ellynsu@verizon.net) and I'll be sure to mention you in the Megillah as well as at the Oneg. Thank you again to Allan and Linda Nelson for sponsoring the extra large Kiddish in January. And thanks to Anita Sperling, Barbara Jacobowitz, Helen Goldberg, Ruth Ploff, Iris Wolf and Rich Sherman for helping set up and clean up after the Onegs. Anita and Barbara, thanks for doing the purchasing and coordinating!

On Sunday, February 5, we will honor Mother Earth as we celebrate Tu B'Shevat. Tu B'Shevat is a Jewish holiday occurring on the 15th day of the Hebrew month of Shevat. It is also called Rosh HaShanah La'Ilanot, literally "New Year of the Trees." In contemporary Israel, the day is celebrated as an ecological awareness day, and trees are planted in celebration. Can you list at least 10 things that trees give us? I asked this of my students in Hebrew School and the list is much longer than 10 things. From air, to erosion protection, to fruits, to homes for animals, to paper, to wood for homes, to wood for buildings and fireplaces, to a fun place to climb to gum to syrup to.....well, you catch my drift. Trees are so important to our wellbeing. Good thing we have a day to honor them and all they and Mother Nature do for us.

Looking ahead to March, we will be celebrating Purim - the happiest holiday! Please save the date and get your costume ready for Tuesday, March 7, 10:00 am, when we will hear parts of the megillah being read, nosh some hamantashen, shake our graggers and stomp out Haman's name. Location is Clubhouse I, in the Crystal Ballroom.

See you on the "Campus"!

Shalom,  
Ellyn Kaufman  
Ritual Chair

## ON THE LIGHTER SIDE

A 25-year-old Jewish girl tells her mom that she has missed her period for 2 months. Very worried, the mother goes to the drugstore and buys a pregnancy kit. The test result shows that the girl is pregnant.

Shouting and crying, the mother says, "Who was the pig that did this to you? I want to know!" Without answering, the girl picks up the phone and makes a call.

Half an hour later, a Mercedes stops in front of their house. A mature and distinguished man with gray hair and wearing a yarmulke steps out of the car and enters the house. He sits uneasily in the living room with the father, mother, and the girl and tells them, "Good morning. Your daughter has informed me of the problem. I can't marry her because of my personal family situation, but I'll take charge. I will pay all costs and provide for your daughter for the rest of her life.

"Additionally, if a girl is born, I will bequeath two retail furniture stores, a deli, a condo in Miami, and a \$1,000,000 bank account." "If a boy is born, my legacy will be a chain of jewelry stores and a \$25,000,000 bank account." "However, if there is a miscarriage, I'm not sure what to do. What do you suggest?"

All silent at this point, the mother, placed a hand firmly on the man's shoulder and tells him, "So, you'll try again."
